

Free sticker *sheet*

MONDAY START

SUNDAY START

Sixteen stickers, *free*

The PNG files in this download go straight into Goodnotes: open Elements, tap + for a new collection, then Import and select them all.

Each one is drawn at the size of a block in The iPad Planner 2027. A chip fills one line of a week column; the mood tracker fills the week corner.

The full pack has 121 stickers and four covers.
